EDUCATION

University of Cincinnati **Graduating: May 2029**
Bachelor of Science, Computer Engineering GPA: 3.63

- Relevant Coursework: Data Structures, Digital Design, Computer Science I, Network Analysis, Computer Networking, Semiconductor Physics

SKILLS

Programming and HDLs: C++, Python, Java, Verilog
Tools: Visual Studio Code, Altium Designer, MATLAB, Excel

TECHNICAL PROJECTS

PCB Design Project | University of Cincinnati Jun 2025 – Aug 2026

- Redesigned a PCB used in the course Intro to Mechatronics projects to reduce board damage caused by students incorrectly connecting the power supply.
- Implemented reverse-polarity protection using a diode, along with a 5V linear voltage regulator and power-indicator LED.
- Developed the schematic and PCB layout in Altium Designer, including component placement, routing, and thermal-relief connections.

Smart Access Control System| Arduino Dec 2025 – Jan 2026

- Designed a state-driven embedded control system implementing multi-button authentication for secure access management.
- Integrated stepper motor actuation with LED and buzzer indicators to provide real-time system status and fault feedback.
- Implemented non-blocking timing to enable concurrent motor control, user interaction, and system monitoring.

Personal Portfolio Website| Visual Studio Code Nov 2025 – Present

- Designed and developed a responsive, interactive personal website to showcase technical projects and coding skills.
- Implemented dynamic UI elements and optimized layout for multiple screen sizes.
- Demonstrated self-directed learning and front-end development best practices through continuous improvement of the site.

EXPERIENCE

Culver's | Mason, Ohio Jun 2024 – Jul 2025

Trainer/Crew Member

- Collaborated with a 13-person team to prepare and pack food for 100+ customers per shift.
- Delivered friendly and accurate customer service, achieving "Highly Satisfied" ratings on over 90% of customer surveys.
- Assisted in training and onboarding 5+ new employees, including safety procedures and station checks.

AWARDS & HONORS

Cincinnatus Scholarship **Aug 2025 – Present**
Gen-1 Scholarship **Aug 2025 – Present**

AVAILABLE FOR CO-OP: Spring 2027
